

Cole A. Easley

Columbia, SC | 803-917-9904 | ColeEasley90@gmail.com

Education

University of South Carolina – Columbia

Molinaroli College of Engineering and Computing

Bachelor of Science in Computer Science

Expected Graduation: May 2026

Relevant Coursework

Digital Logic Design, Advanced Programming Techniques, Computing in the Modern World, Discrete Structures for Computer Science

Experience

Programming Projects (C++ and Java)

- Developed multiple object-oriented projects in C++, applying core programming concepts and principles in real-world scenarios.
 - Created algorithm-focused solutions in Java, leveraging object-oriented design to solve complex problems efficiently.
-

Skills

- **Programming Languages:** C++, Java, HTML
 - **Technical Skills:** UNIX/Linux, Algorithmic Design, Microsoft Office Suite, Visual Studio Code
-
